

THE BATTLE ROUND

Minute by bloody minute the battle grinds on, from the opening volleys of shots through furious offensives and desperate counter-attacks, into the last dying moments when victory hangs by a thread.

Warhammer 40,000 is played in a series of battle rounds. In each battle round, both players have a turn. The same player always takes the first turn in each battle round – the mission you are playing will tell you which player this is. Each turn consists of a series of phases, which must be resolved in the following order.

1

COMMAND PHASE

Both players muster strategic resources, then you test your units' battle readiness.

2

MOVEMENT PHASE

Your units manoeuvre across the battlefield and reinforcements enter the fray.

3

SHOOTING PHASE

Your units fire their ranged weapons at the foe.

4

CHARGE PHASE

Your units charge forward to battle at close quarters.

5

FIGHT PHASE

Both players' units pile in and attack with melee weapons.

Once a player's turn has ended, their opponent then starts their turn. Once both players have completed a turn, the battle round has been completed and the next one begins, and so on, until the battle ends.
